Re: Extension Request, Large Mine NOI, La Sal/Snowball/Pandora Mine
M/037/026, San Juan County, Utah

Dear Paul:

Energy Fuels Resources (USA) Inc. (Energy Fuels) is working on providing the additional information that you requested in your October 3, 2012 review letter. However, we will need additional time to adequately address your comments, especially those concerning updated reclamation cost estimates for the La Sal, Snowball, and Beaver mines. Accordingly, we are requesting a 90-day extension to respond.

Thank you for your patience in this matter. Please contact me at 303-974-2146 or ffilas@energyfuels.com should you have any questions or concerns.

Sincerely,

Frank Filas, P.E.
Director of Environmental Permitting and Regulatory Affairs

Paul/Tom: Attached is a request for a 90-day extension on responding to your NOI review letter of October 3rd. As you are aware, Christy Woodward resigned on October 4th and we have not yet been able to find a replacement. However, Ryan and I are working on your request and hope to have answers to you after the first of the year. Best regards,

P.S. Let me know if you need me to send a hard copy in the mail.

We don't need a hard copy of the letter, I just printed it. We'll expect a response by about the end of February.
